

REMARKS

Claims 10 through 27 are currently pending. Claims 1 through 9 are cancelled.  
Claims 10 through 27 are newly added.

In the notification for missing parts requirement mailed January 25, 2007, the Examiner has requested translation of the application into English and oath or declaration of the inventors. The Applicants telephoned Mr. Harry Kim on February 14, 2007 to inquire about the status of the oath and declaration filed on April 28, 2006. Upon initial review, Mr. Kim agreed the oath is in compliance with 37 CFR 1.497(a) and (b), identifying the application by the international application number and the international filing date.

A translation of application into English is included with this response.

In light of the above, Applicants believe that the presently pending application is in condition for examination. If there are any further issues that need to be addressed, the Examiner is respectfully requested to telephone applicants' undersigned representative.

Respectfully submitted,

Dated: March 16, 2007
